To get the most out of your purchase, be sure to read this manual carefully. See "Stopwatches" for more information. Timekeeping Use the Timekeeping Mode to set and view the current time and date. This watch features separate digital and analog timekeeping. Setting the Digital Time and Date This watch is preset with UTC differential values that represent each time zone around the globe. Daylight Saving Time DST Setting Daylight Saving Time summer time advances the time setting by one hour from Standard Time. Remember that not all countries or even local areas use Daylight Saving Time.

Setting the Analog Time Perform the procedure below when the time indicated by the analog hands does not match the time of the digital display. The hands will continue to advance for one 12hour cycle or until you press any button to stop
