Jennie L. 3.0 out of 5 stars I read other reviews state it was loud, but I disregarded them stupidly. If I have to sit and paint my nails, I need entertainment while I wait without moving for 10 minutes. You cant hear the television with this fan on unless you turn the volume so loud that you cant decipher what they are saying anyway. The attachments are ok, Ill probably use 2 of them. If you are looking at this item because youre really excited about the attachments, consider getting a Dremel because this is just a lower quality, plastic, pink Dremel with a really loud fan. Unfortunately the first one my mailman delivered to someone else. although Amazon quickly replaced the product, I dont believe it was Amazons job to do so. They didnt lose it, tge USPS did. Not really sure you can but ok. so replug it in and 16 HOURS later I got a brief 2 second rotation and then it was dead. So again, I called. Apparently the 20 whole minutes my Dad unplugged it reset the charging time clock or he plugged it back in wrong. so now its at an outlet absolutely no one ever uses, with a fire extinguisher in front of it so none of my pets can accidentally bump into it and possibly knock it out of the outlet. Well see if another 16 HOURS it actually works or not but Im not holding my breath. Did I mention 16 HOURS to charge it before you can even use it. It clearly states you can use it with or without the cord, so why does it need to be charged for 16 HOURS before I can even use it plugged in. I want to love it but for now, 1 star cuz zero isnt an option and so far it simply doesnt work. The third try was not a charm. http://coyada.com/up_images/up_images/912mk2-manual.xml

It still doesnt work Professional look and style, works very well, beautiful pink color and good quality

item. The dryer is fabulous. It's my favorite primping toy! Love it! This one had the highest reviews but I do not know why. It is beyond loud even though many people stated it was quiet. She says it's uncomfortable to keep the button pressed. Not worth the money. Tiene buena velocidad, muchos accesorios para probar. No me gusta que la tapa este floja, especialmente cuando la dejo levantada. Es muy practico que sea inalambrico. Un poco estorboso para guardar. El precio y la marca me convencieron. Ademas de que en general, en los reviews comparativos con otras marcas, este kit esta en el tercer lugar. Veo que ya tiene mucho tiempo en el mercado, no es una novedad, pero tampoco le han hecho mejoras. Me lo quedo. Sorry, we failed to record your vote.
